**As per claims 1-19:** the claims are directed to the general/conventional area of telematics communications. The prior art of record does not teach or fairly suggest scheduling or timing a telematic data for transmission from a telematic device to a remote location so that it is not interrupted by a personal communication made through the telematic device, as recited, particularly in claims 1, 5 and 7 or determining whether the telematics data transfer/transmission should take place while the vehicle is running or while the vehicle is not running and scheduling/timing the telematics data transfer/transmission according to the determination made, as recited in claim 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
